

## **Session Program**

**Apr 27 - 30, 2026**

# **NextGen Synergy: Control Theory and Machine Learning**

## ***SESSION V***

Faculty of Economics and Management, Czech University of Life Sciences  
Kamýcká 129, 165 00 Prague

## Tue, April 28

10:50 AM

### SESSION V

Session | Location: Lecture hall EI, PEF

10:50 - 11:50 AM **Invited Talk: Machine Learning from a Control Perspective**

**Speaker**

Enrique Zuazua

11:50 AM - 12:10 PM

**Controllability on landmark manifolds with applications to shapes and Neural ODEs**

12:10 - 12:30 PM

**When beliefs about reality influence reality—May ML result in sticking in belief-distorted Nash equilibria?**

12:30 PM
